

10.00am

**Welcome**

10.05am – 10.45am

**Preparing for the re-mobilization of your international talent**

Des McKell from NetExpat will share the initial findings from their latest Remobilization Survey, a joint initiative with AIRINC, which shines a light on how mobile talent feels about the prospect of future international assignments and crucially, what are their post pandemic concerns and priorities. Des will then be joined by Zenib Muaz, GM lead at Reckitt for an informal Q&A about how the Reckitt programme has been impacted and evolved as a result of the pandemic.

**Get Ahead of Your Distributed Workforce with an Eye on Compliance**

As organisations embrace new hybrid remote-work models, business travel and traditional employee mobility is also returning at scale. But as companies look to implement their approach to managing such widely distributed workforces, there are increasingly complex cross-border regulations that have resulted in significant compliance exposures and risks for businesses across the globe.

Join Steve Black, Topia Co-Founder & Chief Strategy Officer, to explore the new role of Global Mobility, and how to take control of distributed workforces with an eye on compliance.
