

US Network Huddle

21st February 2023

10:00 am	Welcome and Introductions
10:10 am	Remote Working – The Future of Work?? <p>Join us for a technical session from one of our Network Sponsors about the future of work and remote working. We'll look at the challenges faced domestically, with state tax implications to be aware of, and the ongoing challenges of international Remote working. How important is it that we get a hold of these issues for the future workforce, talent acquisition and the changing dynamic of 'work life balance'.</p>
10:40 am	Huddle discussion: How's 2023 so far? <p>From policy reviews to RFP's, remote work guidelines to new team structures, sustainability and where exactly do GM teams fit within their organisations structures. These topics are being spoken about within the Expat academy community as we enter 2023.</p> <p>In this huddle time we'll breakout into small huddles to share how 2023 has started in our GM teams, sharing with peers the challenges we're already facing and the potential solutions and help from within the network to make 2023 a great year for you and your team.</p>
